Research outputs

Malthus Was Right: Explaining a Millennium of Stagnation
Madsen, J. B., Robertson, P. E. & Ye, L., Sep 2019, In : European Economic Review. 118, p. 51-68

Wealth and inequality over eight centuries of British capitalism

Health-led growth since 1800

What has driven the great fertility decline in developing countries since 1960?

International technology spillovers and growth over the past 142 years: The role of genetic proximity

Does inequality constrain the power to tax? Evidence from the OECD

Knowledge diffusion and agricultural development

Inequality, financial development and economic growth in the OECD, 1870–2011

The resource curse, commodity prices and economic growth

Assessing Piketty's second Law of Capitalism

Industry diversity, competition and firm relatedness: the impact on employment before and after the 2008 global financial crisis

The creation of effective states in the OECD since 1870: The role of inequality

The Rise and Fall of Exceptional Australian Incomes Since 1800
British economic growth since 1270: the role of education

Long-run commodity prices, economic growth, and interest rates: 17th century to the present day

The immigration-unemployment nexus: Do education and Protestantism matter?

Exploring the widening food gap: an international perspective

Medium-term fluctuations and the “Great Ratios” of economic growth

Has the capital accumulation in the Asian miracle economies been fuelled by growth?

Finance-LED growth in the OECD since the nineteenth century: How does financial development transmit to growth?

HEALTH, HUMAN CAPITAL FORMATION and KNOWLEDGE PRODUCTION: TWO CENTURIES of INTERNATIONAL EVIDENCE

Barriers to Prosperity: Parasitic and Infectious Diseases, IQ, and Economic Development

Gold and silver mining in the 16th and 17th centuries, land titles and agricultural productivity

Does democracy drive income in the world, 1500-2000?

Imitation versus innovation in an aging society: international evidence since 1870

Australian economic growth and its drivers since European settlement

Inflation Targeting and Inflation Persistence
Bratsiotis, G. J., Madsen, J. & Martin, C., 1 Jan 2015, In : Economic and Political Studies. 3, 1, p. 3-17 15 p.

What drives ideas production across the world?

Is income inequality persistent? Evidence using panel stationarity tests, 1870-2011

Quality-adjusted human capital and productivity growth
Human capital and the world technology frontier

Long-run growth empirics and new challenges for unified theory

The first Great Divergence and the evolution of cross-country income inequality during the last millennium: The role of institutions and culture

Introduction by this Special Issue's Editors

International R and D Spillovers And Productivity Trends In The Asian Miracle Economies

Stock returns and economic growth

Innovation and productivity advances in British agriculture:1620-1850

The housing slump and the great depression in the USA

The anatomy of the Asian take-off

Risk capital, private credit, and innovative production

Credit cycles and corporate investment:Direct tests using survey data on banks' lending practices

A behavioral model of house prices
Madsen, J. B., 1 Apr 2012, In : Journal of Economic Behavior and Organization. 82, 1, p. 21-38 18 p.

Is the output-capital ratio constant in the very long run?

The equity premium and the required stock returns in a Tobin's q model with a stochastic discount factor

House prices, credit and willingness to lend

Can second-generation endogenous growth models explain the productivity trends and knowledge production in the Asian miracle economies?
Long-Run Convergence In Manufacturing And Innovation-Based Models

The effects of human capital composition on technological convergence

The widening productivity gap between the EU and the US: An introduction to the Conference on Competition and Productivity

Four centuries of British economic growth: The roles of technology and population

Catching up to the technology frontier: the dichotomy between innovation and imitation

Curse and Boon: Natural Resources and Long-Run Growth in Currently Rich Economies

The Indian growth miracle and endogenous growth

The anatomy of growth in the OECD since 1870

Growth and capital deepening since 1870: Is it all technological progress?

The Prebisch-Singer hypothesis: Four centuries of evidence

Myopic loss aversion, bond returns and the equity premium puzzle

Taxes and the fundamental value of houses

The macroeconomics of stock prices in the medium term and in the long run

The dynamics of labour's income shares and the wage curve - Phillips curve controversy

The equity premium puzzle and the ex post bias

Trade barriers, openness, and economic growth
Are labour force participation rates non-stationary? Evidence from 130 years for G7 countries

Productivity and equity market fundamentals: 80 years of evidence for 11 OECD countries

R&D, technology spillovers and stock prices

Economic growth, TFP convergence and the world export of ideas: A century of evidence

Semi-endogenous versus Schumpeterian growth models: Testing the knowledge production function using International data

Innovations and manufacturing export performance in the OECD countries

Pitfalls in estimates of the relationship between stock returns and inflation

Technology spillover through trade and TFP convergence: 135 years of evidence for the OECD countries

Are there diminishing returns to R&D?

Employment and total factor productivity convergence

Does inflation exaggerate the equity premium?

Investment and uncertainty: Precipitating the great depression in the United States

Equity prices, productivity growth and 'the new economy'

A tale of two peripheries: Real wages in Denmark and New Zealand, 1875-1939

The dynamic interaction between equity prices and supply shocks

The price-dividend relationship in inflationary and deflationary regimes

Empirical estimates of the NAIRU
The Fisher hypothesis and the interaction between share returns, inflation and supply shocks

A century of economic growth: The social returns to investment in equipment and structures

Price and wage stickiness during the Great Depression

Institutional changes and strike activity in OECD Countries

Labour disputes in the twentieth century: An international comparison and evaluation of theories

The length and depth of the Great Depression: An international comparison

Earnings-related unemployment benefits and unemployment

Equity prices, share price valuation, crashes and depressions

Inflation and Investment

The household balance sheet, uncertainty and the onset of the Great Depression

Share returns and the fisher hypothesis reconsidered

The share market boom and the recent disinflation in the OECD countries: The tax-effects, the inflation-illusion and the risk-aversion hypotheses reconsidered

The causality between investment and economic growth

A model of employment and real wages under imperfect competition

Agricultural crises and the international transmission of the Great Depression

Labour demand and wage-induced innovations: Evidence from the OECD countries
Disinflation, real income uncertainty and the demand for consumer durables in a mean-variance model of portfolio selection

Income uncertainty and consumer spending during the great depression

Trade barriers and the collapse of world trade during the great depression

Consumption, liquidity constraints, uncertainty and temptation: An international comparison

Direct Tests of the Permanent Income Hypothesis under Uncertainty, Inflationary Expectations and Liquidity Constraints

REAL WAGES IN AUSTRALIA AND CANADA, 1870-1913: GLOBALIZATION VERSUS PRODUCTIVITY

On errors in variable biases in estimates of export price elasticities

Asymmetric Price Adjustment in a Menu-cost Model

Errors-in-Variables, Supply Side Effects, and Price Elasticities in Foreign Trade

General equilibrium macroeconomic models of unemployment: Can they explain the unemployment path in the OECD?

New Keynesian versus new classical theories of aggregate supply: Evidence from the OECD countries

Review of Basic Econometrics, DAMODAR N. GUJARATI

The NAIRU and Classical Unemployment In the OECD Countries

Tests of the Lucas supply curve with price expectational data

Forecasts with production expectations integrated into a macroeconomic model
Madsen, J. B., 1997, In : Recherches Economiques De Louvain. 63, 1, p. 3-12

Review of Quantitative Financial Economics: Stocks, Bonds and Foreign Exchange
The Inflation and Supply Side Consequences of Demand Side Shocks

Pricing-to-market and the efficiency of macroeconomic policies in open economies with floating exchange rates

Tests of the factor price equalization theorem

Formation of inflation expectations: From the simple to the rational expectations hypothesis

The macroeconomic effects of a switch from direct to indirect taxes: An empirical assessment

Tests of the factor price equalization theorem

Formation of inflation expectations: From the simple to the rational expectations hypothesis

The macroeconomic effects of a switch from direct to indirect taxes: An empirical assessment

Tests of the factor price equalization theorem
