Dear Jamie

### **2021 FACULTY OF SCIENCE TEACHING AWARDS**

Thank you for submitting an application for the Citation for Outstanding Contribution to Student Learning category of the 2021 Faculty of Science Teaching Awards.

We are delighted to advise that the Faculty Teaching Award Review Committee has decided to award you for **Citation for Outstanding Contribution to Student Learning**. Congratulations!

As the recipient of a Faculty Teaching Award, you would normally be invited to a Faculty of Science Prize Giving Ceremony. We hope you understand that this will not be possible at this time, but we will celebrate your win widely across the faculty online and by email.

You have also been nominated for a UWA Teaching Award in the category "Citation for Outstanding Contribution to Student Learning", details of which can be found [here](#).

This will involve preparing and submitting a revised application by **17 May 2021**. If you decide to proceed, Ms Rebecca Stuart-Coombe of the Educational Enhancement Unit has offered to support you with your application. Please contact Rebecca on [rebecca.stuart-coombe@uwa.edu.au](mailto:rebecca.stuart-coombe@uwa.edu.au) if you would like some assistance.

Please let me know whether you wish to accept this nomination for a UWA Teaching Award.

On behalf of the Faculty of Science, I would once again like to congratulate you on this Faculty Award and your nomination for the UWA Teaching Award.

Yours sincerely

**Professor Gary Kendrick**  
Head of School  
UWA School of Biological Sciences
